

## IN THE SPECIFICATION

*Please amend the paragraph on page 22 at lines 1-4 as follows:*

Advantageously in FIG. 7, even in a manual selection mode where choices are made by the end user, the mobile station makes the end user aware of recent availability of the home network in a timely and unobtrusive fashion. Overall, the mobile station helps ~~facilitate~~ facilitate the selection of the best network for the end user even in the manual selection mode.
